## December 2020

Registered Charity Number: 11543263

### From the Treasurer

As we near the end of a very different year for all of us, we would like to say a huge thank you for the continued support our charity has received from so many of you throughout the pandemic. It is incredible that during such tough times our supporters continue to fundraise through various events, alongside raising the awareness of Neuroblastoma.

We know that our charity will go from strength to strength with our new Committee members onboard, who are keen and focused to drive the Amelia-Mae Foundation forward in 2021.

Angie, our Family Liaison has continued to be a wonderful support to all our families through this year. Her usual face to face meetings have been replaced with phone calls, but this has not stopped the emotional care that our families need.

If anyone would like to get involved with fundraising for our charity, please make contact via the contact details below.

Continue to stay safe and have a fabulous Christmas & New Year.

**Samantha White**  
Treasurer

### Isla

6-year old Isla, was referred to the Amelia-Mae Foundation in 2017. Due to Covid Isla has only been having telephone consultations; but continues to be NED (no evidence of disease). This is fantastic news for Isla and her family.

### Lottie

Lottie was referred to us in 2017, when she was 3. Lottie also continues to be NED. We love this kind of news at the Amelia-Mae Foundation.

Incredible Lottie!  
enjoy Christmas with your family.

# George

George and his family. We erected some fencing in the front and decking in the back garden so the family had both privacy and a place for the family to enjoy.

A few of our committee and some of our amazing volunteers went to Littlehampton to deliver a pre-Christmas wish to

# How to get in touch
